Dear supporter of Camp I Am Me,

2026 marks a truly special milestone – the 35th anniversary of Camp I Am Me's Summer Camp, our signature program supporting youth burn survivors between the ages of 7 and 20! For nearly four decades, our nonprofit organization has been privileged to stand beside thousands of burn survivors as they rediscover confidence, strength, and joy after unimaginable trauma.

Since incorporating in 1989, Camp I Am Me has provided safe, nurturing spaces where thousands of survivors have been able to laugh freely, challenge themselves, and realize they are not alone. What began as a week-long Summer Camp has grown into a year-round continuum of care, including leadership development, family retreats, adult burn survivor gatherings, and peer support programming that fosters healing long after campfire songs fade.

When you become a partner with Camp I Am Me, you are helping ensure that burn injury survivors can take part in these wide range of no-cost programs and services that empower and inspire them for the rest of their lives. You are also helping fire safety and burn prevention education and awareness campaigns to continue throughout the state, helping reduce the number of fires and burn-related injuries.

Through your support, we can align together to help survivors, and to reduce, and hopefully one day, eliminate these needless tragedies through public education efforts.

The QR code or the following link (**www.ifsa.org/ways-to-give/sponsorships**) will direct you to the Camp I Am Me sponsorship opportunities with various levels of support for our programs, fundraisers, and prevention efforts. Please take a few moments to review what is available to you, and do not hesitate to contact us with any questions.

With gratitude,

Jenny Tzortzos, Community Outreach Coordinator
